Delmar - Below is a response to each of your Jan. 27, 2008 requests.

Bullet point 1 - Your request for a "listing of all sample housing units" is simply a repeated request for the same information requested in your email dated Jan. 21, 2009 regarding information identifying the survey participants, and the same response applies here. I met and conferred with Robert George regarding this yesterday, and unfortunately we were not able to reach an agreement on this issue. He has informed me that you all intend to file a motion about this.

Bullet point 2 - "[T]he dataset used for the statistical analyses presented in the report" was produced to Defendants on Jan. 5, 2009. It was produced on a disc that was hand delivered to Leslie Southerland that day, rather than on the hard drive that was shipped to her and also delivered that day. It is on the disc in the zip file "Additional Materials for Stratus Shared Database" and the file name within that zip file is "Wdata12192008.dta"

Bullet point 3 - The "do files" were produced to Defendants on Jan. 5, 2009. These are also located on the disc in the same zip file "Additional Materials for Stratus Shared Database" described above. There are three "do files" in this zip file, each of which ends with ".do" - specifically, they are named:

Chapter6Tables.do.do
DataChecking.do.do
Final_logit_and_more.do.do

Bullet point 4 - We cannot get our copy of this document to open, and Stratus is unable to open their copy as well. This is not a document created by Stratus but a document they pulled off the web when doing research, and they are trying to locate another copy of it and when they do I will send it to you.

Bullet point 5 - Fully accessible, duplicative versions of password protected files were simultaneously produced to defendants

Exhibit 16

on January 5, in addition to these password protected copies.

Nevertheless, if you want to check this for yourself, the passwords which will unlock the password-protected copies of the files are as follows:

Subject: RE: Stratus Damages Reports/Missing Considered Materials

Dear Ms. Xidis,

I write on behalf of the defendants in this action to demand that the plaintiff immediately produce the following materials in addition to those that I identified in my January 21 email:

- | listing of all sample housing units;
- | dataset used for the statistical analyses presented in the report (i.e., the analysis dataset);
- | the "do file" that corresponds to every table and every model in the report;
- | an uncorrupted version of the file stratus0027722_finaloutdoorrecreationreportec.pdf; and
- | passwords for the password protected Westat files.

This information should have been provided along with the Stratus report on January 5. The plaintiff's failure to provide this information immediately will further prejudice the defendants in preparing rebuttal damage experts within the deadlines provided in the current case management order. As Defendants continue to evaluate the provided materials, we may have further production demands.

As to your January 23 mail refusing to produce information related to the identity of survey respondents, Robert George has articulated the position of the defendants as to why that refusal is unwarranted.

I would appreciate hearing from you at your earliest opportunity.

Del Ehrich
